

INDUPLO BOX

Designed by Ernst & Jensen

DK: InDuplo Box er den seneste nyhed fra designduoen Ernst & Jensen. Med de høje sofagavle, der skærmer af for omverdenen og absorberer omkringværende lyde, er sofaen yderst velegnet til brug i det offentlige rum. Med sit venlige, organiske design skaber InDuplo Box en oase i rummet, hvor man kan have et uformelt møde eller sidde afslappende og nyde stilheden. Sofaen fås i to højder højryg og mellemhøjryg.

UK: InDuplo Box is the latest design from the duo Ernst & Jensen.

With the high backed sides which shield you in and at the same time have an excellent soundproofing effect, the sofa is ideal for the open space interior.

InDuplo Box is through its friendly and organic design an oasis in the open space, in which informal meetings can take place or just lounging. The sofa is available in both a high back and a medium high back version.
